BAJRANG MANDAL ASSOCIATION**
Alternative brand identity + website blueprint / Option B

CONTEMPORARY CULTURAL CAMPAIGN DIRECTION / AUGUST 2026

TRADITION IN MOTION.

A vibrant, route-based identity for faith, learning, celebration and service - lived together in Montreal.

Faith brings us together. Culture carries us forward.

WHY THIS OPTION EXISTS

Not a variation. A different point of view.

Option B treats heritage as something people actively practise and pass forward. The system is brighter, more modular, more event-led and more metropolitan than the quiet editorial warmth of Option A.

LOGO Twin interwoven M paths with a shared gold meeting point.	TYPOGRAPHY All-sans: Montserrat for display and Heebo for body/UI.

FOUNDATION + VISUAL SYSTEM

COPY FROM HERE

START OF MASTER PROMPT

ROLE AND OBJECTIVE

Act as a senior brand strategist, UX architect, visual designer, content designer, accessibility specialist and front-end web designer. Design and build a complete high-fidelity responsive bilingual website and reusable system for the **Montreal Mauritian Bajrang Mandal Association**, a non-profit cultural and spiritual organization preserving Mauritian Hindu traditions in Montreal and across Canada.

Do not merely describe the site. Create layouts, hierarchy, components, interactions, responsive behaviour, content model and implementation/prototype. Every visible button must lead somewhere meaningful. Never use lorem ipsum, fake dates, invented claims, made-up leadership, fabricated religious content or unreviewed translations. Use labelled square-bracket placeholders for missing facts.

CREATIVE CONCEPT

Use Option B, **"Tradition in Motion."** Treat heritage as actively practised and passed forward, not preserved behind glass. The experience should feel spirited, welcoming, precise, youthful and respectful. Supporting line: **"Faith, culture and community - lived together in Montreal."** Retain the institutional closing: **"Together in faith, culture and community."**

LOGO

Create the Confluence MM: two continuous rounded M routes, one for Mauritius and one for Montreal, crossing or converging at one square meeting node for the Mandal. Use teal and coral paths with a gold node; it must work in one colour and at 24 px. Pair with an assertive MMBMA wordmark and compact full-name lockup. Provide horizontal, stacked, avatar and reversed versions. Do not add Om, lotus, deity, temple arch, maple leaf, flag, tilak or gada.

COLOUR

- Night Indigo #17133D - primary, headings, navigation.
 - Confluence Teal #00747A - links, information, secondary action.
 - Living Coral #F06ASE - participation and youth.
 - Sun Gold #F4B942 - dates and celebration.
 - Cloud White #F7F5F0 - canvas.
 - River Mist #DDEBEC - quiet panels.
 - Ink #151826 - body text.
 - White #FFFFFF - dark-field text.
- Use 55% Cloud, 25% Indigo, 10% Teal, 6% Coral and 4% Gold. Never use white text on Coral or Gold. Meet WCAG 2.2 AA and never use colour alone for meaning.

TYPOGRAPHY

Use an all-sans system: **Montserrat 700-800** for display, navigation, dates and campaign statements; **Heebo 400-600** for body, UI and forms; **Noto Sans Devanagari** only for genuine approved Devanagari. Hero 64/68 desktop, 42/46 mobile; H1 52/58 and 36/42; H2 38/44 and 30/36; H3 26/32; body 18/29; UI 15/22. Keep body lines near 68 characters. Reserve uppercase for short labels.

LAYOUT + MOTION

Use a 12-column desktop grid, 8 tablet, 4 mobile, 1280 px max and 24 px gutters. Base spacing 4 px with core steps 8, 12, 16, 24, 32, 48, 72, 96 and 112. Use asymmetric 7/5 heroes, left alignment, oversized dates and section numbers, strong horizontal bands, 12 px radii and offset colour slabs. Use Meeting Lines - parallel routes bending at 45 degrees and meeting at square nodes - at 5-12% opacity. Motion may draw or slide routes in 160-450 ms, must be functional, reduced-motion aware and never delay content.

PHOTOGRAPHY

Use authentic consented association photography: 60% people actively praying, preparing, learning, performing, volunteering or welcoming; 20% maquette, spaces and behind-the-scenes work; 20% Montreal context and seasons. Use natural light, crisp cool shadows, confident colour, occasional controlled motion blur and straight-on portraits. Mix wide documentary frames with tight details. Show several generations contributing, not watching.

Do not use generic Indian spirituality stock, yoga/incense clichés, fake rituals, deity imagery as texture, careless sacred crops, landmark/flag montages or staged handshakes. Caption actual practices accurately and obtain explicit consent, especially for children.

VOICE

Write in warm, respectful, plain Canadian English with active verbs and practical openings: "Join us this Sunday." "Learn what to expect." "Bring your family." "Give with purpose." "Help shape what we do next." Be reverent, not distant; confident, not promotional; active, not breathless. Define unfamiliar terms once. Use "Daan (donation)" on first mention.

BILINGUAL PRINCIPLE

Create equal /en/ and /fr/ experiences with content parity, locale-aware dates, correct accents, localized metadata, alt text, validation and calendar exports. Use EN / FR text labels only when both languages are complete. Keep the official name unchanged unless a verified French legal name exists. Do not machine-translate deity names, mantras, scripture excerpts or theological explanations without human review.
